AFGI CORE VALUES

Founded in 2003,
Advanced Future Group International (AFGI)
is built on the core values of
Performance, Commitment, and Trust

Proven experience serving Government Agencies, NGOs, Major Defense Contractors, and Commercial clients across the region

AFGI operates with full compliance under international contracting standards

In 2025, AFGI increased its capital and area of operations as part of a strategic expansion to strengthen its presence in Qatar, Lebanon, Europe and USA

Why we stand out

- **Dual-sector expertise:** Defense and large-scale commercial/infrastructure
- **End-to-end services:** Procurement, Power, Camps, IT
- **Trusted and eligible:** Global Government and Defense Prime contracting
- **U.S. validated:** Recent DoD awards under U.S. acquisition rules

BPA & MATOC Contract Awards:

2005 - 2007

BPA - Aggregate Material

2007 - 2008

BPA - Containerized Housing Units (CHU's)

2011 - 2013

BPA - Lease of Material Handling

2015 - 2020

BPA - Furniture

2017 - 2022

MATOC IDIQ - Multiple Award Task Order Contract

2021 - 2026

BPA - Demolition Works

2022 - 2023

BPA - Miscellaneous Construction Materials

2022 - 2023

BPA - Bulk Aggregate Mineral, Construction Material

2024 - 2029

BPA - Janitorial Services

DEFENSE & LIFE SUPPORT

DEFENSE & LIFE
SUPPORT

AFGI provides end-to-end support for military and humanitarian operations, including remote base setup, camp logistics, and personnel sustainment. As a qualified prime contractor to defense and government agencies, we support major clients including the U.S. Army and U.S. Air Force, State Departments, Coalition Forces, KBR, V2X, GDLS, GDIT, BAE Systems, CACI, Lockheed Martin, UN & NATO

Defense & Life Support

- **Camp Setup and O&M:** Facilities, grounds, and lifecycle monitoring
- **Housing and Lodging:** On/off-post housing, Temporary lodging Check-in/check-out, Turnover
- **Life Support:** Catering, Billeting, Manpower, Laundry, MWR (Morale, Welfare, & Recreation) Custodial & Pest control
- **Logistics and Transportation:** End-to-end supply chain, Freight and personnel movement, Customs, Fleet/HE leasing and maintenance, Fuel/parts, Cold chain
- **Utilities and Environmental:** Water/waste systems, Disposal, HSE (Health, Safety, & Environment), QA/QC (Quality Assurance/Quality Control)

Defense Equipment & Platforms

- **Uncrewed systems (UAS):** sUAS/VTOL/fixed-wing for ISR, mapping, comms relay, and light logistics; EO/IR & multispectral payloads; C-UAS integration
- **Armored NTVs/light tactical:** B6/B7 and mine/blast-protected variants; comms, ECM, ISR, & medevac kits; driver training & mission configuration
- **Sustainment:** spares, toolkits, MRO, warranty, field service reps, fleet management, & telematics
- **Compliance:** export/ITAR/EUM adherence; airworthiness where applicable; acceptance testing & documentation

Energy & Power

- Hybrid microgrids: gensets + PV + containerized battery storage
- Portable solar for remote and tactical sites
- Smart controllers to cut fuel burn and extend service intervals
- OEM alliances for rapid fielding and sustainment

Cybersecurity

- Managed Detection & Response (MDR)
- Incident Response (IR)
- Vulnerability & Patch Assessment

A formation of five fighter jets, likely F-35s, flying in a V-formation over a deep blue ocean. The lead jet is a grey F-35A, and the four escort jets are green F-35B/C variants. The sky is a clear, bright blue with some light clouds. The text "AEROSPACE & DEFENSE MISSION SUPPORT SERVICES" is overlaid in large, bold, white capital letters with a black outline, centered in the lower half of the image.

AEROSPACE & DEFENSE MISSION SUPPORT SERVICES

AFGI brings over 20 years of expertise in logistics, construction, and facility support tailored to aerospace and defense clients. Our experienced leadership and field teams focus on mission readiness and operational excellence in high-tempo military and government environments

Aircraft Maintenance & Flight Operations Support

- Tactical & strategic maintenance (I- & O-level)
- Hangar, ground equipment & refueling support
- Rapid-deploy LAMS & PEB solutions

Formal Training & On-The-Job Training (OJT) Integration

- Training facility & classroom design
- LMS integration per OEM & DoD standards
- Turnkey OJT for local & rotational teams

Squadron Standup & Site Activation

- Support from facility build to aircraft readiness
- Secure SCIF & ops center setup
- Furniture, IT, HVAC & power installation for quick start-up

Supply Chain & Logistics Enablement

- Spares procurement, kitting & tailored warehouse management
- Quality control for shelf-life items & global vendor sourcing
- Expertise with DoD procurement portals

Warehouse & Spares Management

- Storage solutions for Class IX & consumables
- Climate-controlled warehousing for sensitive parts
- Automated tracking & Lean Six Sigma for inventory efficiency

Proven Past Performance AFGI has successfully supported Air Force Special Operations Command (AFSOC), CENTCOM operations, and multinational defense programs in Southwest Asia, managing site activations and full-spectrum sustainment for U.S. and coalition aircraft

POWER RENTAL & ENERGY SOLUTIONS

Specializing in high-performance diesel generators, temporary power systems, and power distribution for industrial and defense applications.

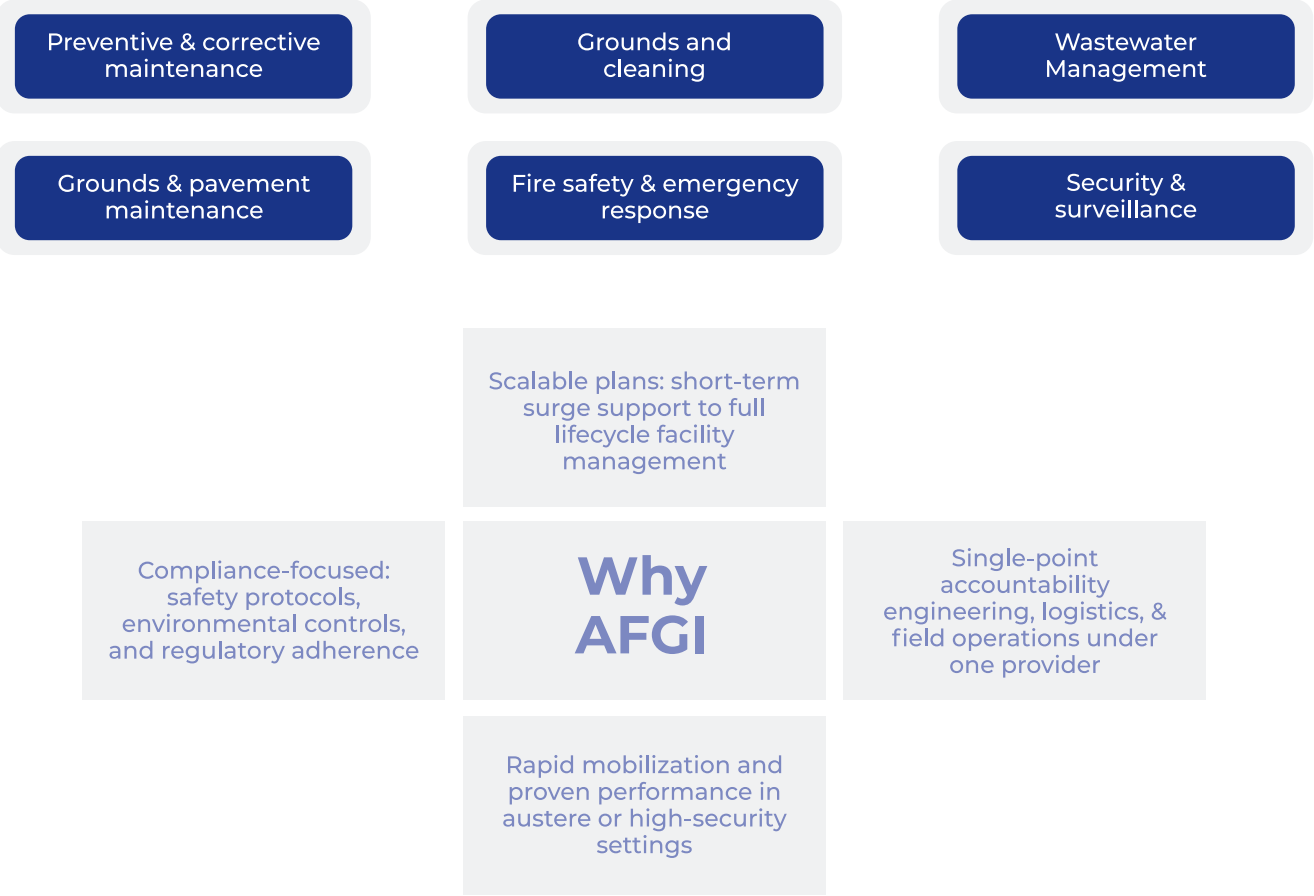

Diesel genset rentals (20 kW–2,500+ kW)	Fuel management (HSE, QA/QC)
Temporary power (ISO/IEC)	24/7 remote monitoring (SCADA)
Hardened distribution (ATS, SWGR)	Scalable modular camps (MOB, ISO)
Military-grade installs (DoD/NATO)	Power-as-a-Service (PaaS, OPEX)
Hybrid-ready solutions (BESS, PV)	Environmental controls (EPA, noise)

A photograph of a man and a woman in a factory setting. The woman, wearing a dark blue lab coat, is pointing towards a piece of machinery on a lower level. The man, wearing a light blue shirt and glasses, is also pointing in the same direction. They are standing on a metal walkway with a blue railing. The background shows a large industrial facility with various machines, pipes, and structural elements. The text "FACILITY MANAGEMENT" is overlaid in large, white, bold letters across the center of the image.

FACILITY MANAGEMENT

AFGI provides integrated facility management services for military and commercial sites, including HVAC and MEP systems, cleaning, security, property maintenance, and surveillance. We maintain mission readiness at fixed installations, temporary camps, and remote worksites through single-point accountability for engineering, logistics, and field operations. With rapid mobilization and proven performance in austere and high-security environments, our core services include:

PROCUREMENT & GLOBAL SUPPLY CHAIN

Forward staging and on-the-ground support ensure operational readiness anywhere, at any time. With proven expertise and a strong global vendor network, procurement solutions cover OEM spare parts, tooling, equipment leasing, logistics, and supply chain support.

We are a Grainger® Authorized Reseller, offering access to Grainger MRO products and supply-chain solutions integrated into our procurement and logistics services

Industrial & Military PPE

The background is a blue-tinted collage of architectural and engineering elements. It includes a large, detailed floor plan with various rooms and structural lines. A blue hard hat is positioned in the lower-left corner. A metal key with a circular head lies diagonally across the middle. Two rolled-up blue tubes, possibly blueprints or pipes, are in the upper-right. The text 'ENGINEERING & CONSTRUCTION' is centered in a bold, white, sans-serif font with a slight drop shadow.

ENGINEERING & CONSTRUCTION

AFGI delivers turnkey construction and design-build services:

modular housing, pre-engineered building structures, infrastructure development, electrical systems, and mobile facilities like clinics, hangars, and administration centers.

Smart, scalable structures for today's needs

rapid, robust, and sustainable.

- **PEB (Pre-Engineered Buildings):** Warehouses, Maintenance Facilities, Hangars, Sunshades, Dining Facilities
- RLBS/Modular Buildings & Tent Solutions
- **Electrical Grid Expansion:** Power Stations, Transformers, MEP Works, Grid Upgrades, UDS, Transfer Switches (ATS & MTS)
- Civil, Site, Ground/Concrete Works, Fencing, Assembly And Renovation
- Large Area Maintenance Structures (LAMS)
- Containerized/relocatable housing
- Full LSA Set up

Electrical Operation & Manufacturing

*design, engineering, manufacturing and maintenance of
a comprehensive range of electrical solutions, including:*

- **Power distribution & switchgear:** MSB, MLTP, SMSB, DB, MCC
- **Generator and transfer systems:** Generator control panels, ATS, MTS, synchronizing panels
- **Monitoring & control:** SCADA/ESADA, totalizing, automation and instrumentation panels
- **Site equipment:** Feeder pillars, CRE technology
- **Protective enclosures:** IP54 enclosures

A digital illustration with a blue and white color scheme. In the center is a shield with a wireframe mesh overlay. A padlock is positioned in the middle of the shield. The background is filled with abstract digital elements like glowing lines, nodes, and circuit-like patterns. The text 'CYBER SECURITY' is centered over the shield.

CYBER SECURITY

We help governments and businesses in the Middle East achieve compliance and cyber resilience. With ISO-certified processes and locally based teams, AFGI delivers right-sized operations tailored to regional needs

Our cybersecurity services - including Managed Detection & Response, Incident Response, Vulnerability & Patch Assessment strengthen defenses & ensure organizations are prepared for evolving digital threats

Managed Detection & Response (MDR)

- 24/7 monitoring of networks, endpoints, and cloud environments
- Threat intelligence integration and alert triage
- Automated containment of suspicious activity
- Reporting dashboards for compliance (GDPR, PCI, CMMC, SOX, etc.)

Incident Response & Recovery (IRR)

- Rapid breach investigation and forensic analysis
- Containment and eradication of active threats
- Disaster recovery and system restoration planning
- Tabletop exercises to strengthen organizational readiness

Vulnerability & Patch Assessment

- Regular scanning for system and application weaknesses
- Prioritization of remediation based on exploitability and risk
- Patch deployment planning and validation
- Compliance reporting against frameworks (CIS, NIST, ISO)

AFCI PROJECTS

Project Name

Multiple Award Task Order Contract
(MATOC)

Project Value

\$ 49 Million

Location

Camp Arifjan, Camp Buehring,
K-Crossing, & Udairi Range, Kuwait

Client/Agency

U.S. Army / 408th CSB RCC-K

Role

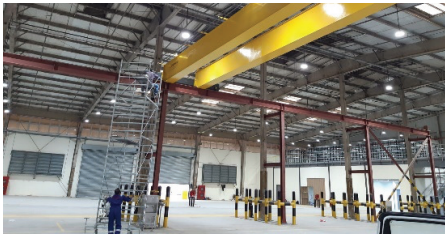

Prime Contractor

Overview

- Five-year MATOC delivering construction and repair task orders across multiple U.S. military installations in Kuwait
- Prime Contractor, 100% self-performed on every task order
- Work spanned minor facility repairs to large-scale construction and infrastructure upgrades, all to USACE standards

Results

- 100% on-time, on-budget completion across all task orders
- All projects accepted without deficiencies; no significant safety or performance issues

Project Name

North Doha and Udairi Range
Construction & Renovation

Project Value

\$ +10 Million

Location

Camp Arifjan, Camp Buehring,
K-Crossing, & Udairi Range, Kuwait

Client/Agency

General Dynamics Land Systems (GDLS)

Role

Subcontractor

Overview

- Sole Subcontractor executing 100% of scope for Construction & multi-building renovations supporting GDLS operations & Kuwait Ministry of Defense training/logistics
- Full turnkey delivery spanning electrical, mechanical, architectural, life-safety, & logistics outfitting

Results

- Delivered on time within budget over a 3.5-year performance period
- Full compliance with technical, safety, NFPA, & USACE standards
- GDLS reported high satisfaction with workmanship & team reliability
- Facilities turned over fully operational, immediately enabling training & mission activities

Project Name

AFGI Maintenance Facility

Project Value

\$ 3.8 Million

Location

Camp Victory, Iraq

Client/Agency

U.S. Army

Role

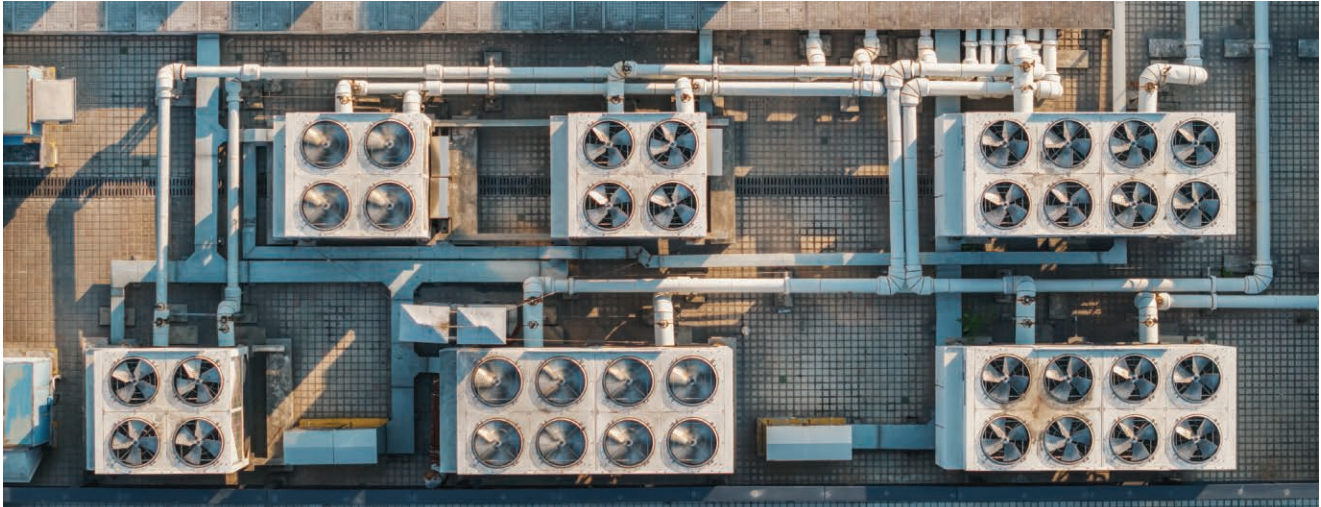

Prime Contractor

Overview

- Through our appointment with ZAMIL STEEL & our turnkey capability, in 2006 AFGI designed and built a cutting-edge maintenance facility & successfully transitioned it to the U.S. Government-meeting strict performance and quality standards

Results

- Delivered to specification and excellence - The facility introduced modern workspaces, streamlined maintenance workflows, and enhanced fleet availability, a seamless transition to government operations - demonstrating AFGI's reliability for complex, mission-critical infrastructure

Project Name

HVAC Maintenance & Repair Services
(3+ Years & Ongoing)

Project Value

\$ +2 Million

Location

Camp Arifjan and Buehring, Kuwait

Client/Agency

Vectrus Systems Corporation

Role

Subcontractor

Overview

- Scope: 24/7/365 mission-critical HVAC O&M across chillers, DX units, AHUs, packaged/split/window units; limited facility electrical maintenance tied to HVAC; life-safety & environmental compliance
- Standards: U.S. and Host Nation regulations; ASG/USG guidance; Army regulations; NFPA/USACE references where applicable

Results

- Sustained 24/7 HVAC operations ensured mission readiness
- Preventive & corrective maintenance executed on time
- Services fully aligned with regulatory, safety, & environmental requirements

Project Name

Aircraft Weather Shelters

Project Value

\$ +2 Million

Location

Ali Al Salem Air Base (ASAB), Kuwait

Client/Agency

US AIR FORCE- 386th ECONS

Role

Prime Contractor

Overview

- Prime, turnkey design-build delivery of multiple Small Aircraft Shelters to support military aviation operations
- Full lifecycle execution: design reviews & approvals, site prep, construction, systems integration, testing, & commissioning-aligned to client specs and military standards

Results

- 100% compliant with SOW and performance standards
- All major milestones delivered within approved schedule & budget
- Post-construction evaluation confirmed end-user satisfaction with systems & finishes

Project Name

Custodial and Maintenance Services
(5+ Yrs)

Project Value

\$ 2 Million

Location

Camp Arifjan and Kuwait Naval Base

Client/Agency

U.S. Army / 408th CSB RCC-K

Role

Prime Contractor

Overview

- AFGI provided continuous 24/7/365 custodial and MEP support for the 401st AFSB, covering 231+ living CHUs, three large buildings, & 10+ office facilities. Our program delivered rapid electrical, plumbing, & carpentry repairs, proactive preventive maintenance, & strict regulatory compliance to sustain facility readiness, occupant comfort, & uninterrupted mission operations

Results

- 24/7/365 custodial & MEP coverage sustaining base readiness & habitability
- Rapid electrical, plumbing, & carpentry response to minimize downtime
- Scheduled preventive & demand maintenance to extend asset life and reliability

Project Name

Security Barriers supply & other
Construction Material

Project Value

EUR +300 K

Location

South Camp, Levosoje, Serbia

Client/Agency

American Consulate General Regional
Procurement Support Office-Germany

Role

Prime Contractor

Overview

- This initiative is part of the Serbia–Ohio State Partnership Program, which involves engineering units from the Serbian Army collaborating with the National Guard of Ohio

Results

- 100% compliant All items delivered ahead of schedule
- Materials conformed to specifications
- No material discrepancies reported
